

# Certificate of Participation

This certificate is awarded to

**Yeşilköy Armenian Private Elementary and  
Middle School**

for conducting activities in

Istanbul, Turkey

around the theme “**Mathematics and Hope**” as part of the **International Day of Mathematics (IDM) School Program 2026**.

By actively engaging in this global initiative, the recipient has carried out workshops for students exploring this theme and has helped nurture mathematical thinking and creative expression among participants. Through this work, the recipient has encouraged young learners to see mathematics not only as a discipline of logic and precision, but also as a field that can support creativity, reflection, and connection.

Berlin, 17. April 2026
